# CLEAR WATER IS IN SIGHT

Manchester Water Commissioners Will Ask Council for the Sum of \$35,000.

### PUMP-HOUSE PROVIDED FOR

Attachment Issued for Bessie Gibson-Case of the Belligerents Continued.

Manchester Bureau, Times-Dispatch, l. No. 1102 Hull Street, l The Water Commissioners took a practical step yesterday afternoon toward securing a new water plant, with clear water attachment. The special committee to examine plans and specificatins reported favorably, and the board passed a resolution asking Council to appropriate \$35,000 for the erection of such a

This is a popular move, one which receives the approbation of citizens gen-

bad shape. It has been in use for more than fifteen years, and has about seen its day. An accident at any time would throw the city into dilemna, while on the other hand a new plant, with clear water, would increase the city's revenue considerably, for there are numbers of citizens who do not use the city water,

preferring to drink well water.
The plan as suggested by the Water Board, embraces those for an entirely new set of machinery, and other necessary appliances for a complete up-to-date plant, with double system, thus placing the city on a safe footing in case of accident.

The report of the special committee, consisting of Messrs. Utz, Wells and Green, is as follows:

### COMMITTEE'S REPORT.

"We, your subcommittee, appointed to look into the needs of the department, beg leave to report that we have examined very carefully into the matter, and, taking everything into consideration, and, taking everything into consideration, would recommend that we put in entire new muchinery and pumps and hollers, also the Chipman purifying and clarifying process in accordance with a schedule submitted, and further recommended that the board ask an appropriation from the Council of \$35,000."

This report was adopted unanimously, and a committee of two, consisting of Mossrs. Green and Wells, was appointed to present it to Council at the next meeting.

ing.
It is the idea of the board to have the It is the idea of the postar to have the mew plant in operation before next winter. It will take about two months to get everything in working order to begin construction. When the resolution from the hard is presented to Council, that body will refer the proposition to the Finance Committee. This committee, if it sees its way clear, will then devise ways and aneans for raising the funds. Bonds will have to be issued. This will occasion further delay, but it is quite likely that even at that, the plant may be in working shape by the middle of December. Those at the meeting yesterday were; Messrs, Perdue, Green, Wells, Pleasants, Superintendant Sharp and Clerk Morton. TROLLEY PARTY.

FAILED TO ANSWER,

A large crowd of spectators gathered in Mayor Maurice's Court yesterday morning to witness the trial of two cases of interest. Neither case came up, however, and he crowd was disappointed.

The first case called was that of Lottle Gibson, the young white woman, arrested as a kuspleious character by Officer Waymack. She was bailed for her appearance, but failed to answer when her same was called. An attachment was issued for her arrest. The other case was that of the belliggerent insurance man. This case was continued to next Thursday upon application of Mr. Ererett Wells, counsel,
